PARALLEL ACTIVITIES

EXPOSEGURIDAD is the Meeting Point where there will also take place:

CONFERENCE ON COMPREHENSIVE SECURITY. National and international lecturers will make presentations about the industry's current issues and problems.

BUSINESS ROUND TABLES. A program coordinated by a team of professionals that will generate an agenda between exhibitors and principal companies from Chile and foreign delegations.

WORKSHOP. Debate, knowledge transference and success case histories on comprehensive security.

TECHNICAL LECTURES. The exhibiting companies present their products, services and equipment to a specialized audience.

DEMONSTRATIONS AND EXERCISES. The private and public sector, along with exhibiting companies make known practices, abilities, skills and advantages on equipment and services in the different areas of Comprehensive Security.

IMPORTANT EVENTS

In parallel to EXPOSEGURIDAD, will be held **AMERIPOL**, summit which will bring together in our country the highest authorities of America's police institutions beside representatives from Europe, Africa and Asia, and the **Second International Summit of Scientific Criminal Analysis**, which will gather local and foreign experts, which allows us to emphasize that we will be leading the great meeting of Comprehensive Security.
